

Official Invitation - Future Champions

To All Sport Martial Arts Athletes, Clubs and Associations from everywhere

I hope you're well.

I'm reaching out to personally invite you and your team to the Future Champions Open Competition, taking place on 30th November 2025 at Coventry.

covering **Points Fighting, Light Contact, Kick light, Forms, Kata, Thai boxing, K1, Full Contact**

This event is specifically designed for novice, intermediate, and advanced level competitors, offering the perfect platform for developing fighters to gain experience in a well-supported, professionally run environment. Whether it's their first competition or they're already climbing the ranks, this is the event to be at.

You can expect the same high standard of organisation and structure we've become known for — from a tight running schedule and efficient section management to a smooth experience for coaches, competitors and spectators alike.

This year's event will also feature a very special appearance from the WSMA GB Elite Team, who'll take centre stage for an exhibition match and be on hand throughout the day for photos, headguard signings, and inspiration for the next generation coming through.

As always, we'll be putting our attending clubs in the spotlight — with strong promotion before the event, live media coverage on the day, and follow-up content that gives your fighters and your club the attention they deserve across social media.

If you'd like to secure your club's place or chat through any details, just reply to this email or drop me a message directly. info@wsma.website

Hope to see you there — let's give the future champions a stage to shine on.

Kind regards

DEL SAMPSON
